# Temporary Sign Regulations

The City of Brooklyn Center Sign Code, Chapter 34, allows promotion of certain events and activities, while maintaining the safety and aesthetics of the community and public boulevards. Numerous or improperly placed signs may create clutter and safety hazards, distract drivers and become litter when abandoned. Help present an attractive, clean and safe environment for current residents and businesses, as well as those looking to move to Brooklyn Center. Please be respectful of your neighbors and city staff and comply with the law.

## Prohibited Signs

The following signs are not allowed by City Code (Chapter 34-130).

- Signs in public right-of-ways, unless otherwise specifically allowed by ordinance.
- Signs including indoor signs with flashing, blinking, or motion that can be seen from the street.
- Signs painted onto buildings or walls.
- Banners, pennants, streamers, portable signs, or other attention-grabbing devices for which a temporary sign permit was not obtained in conjunction with an approved outdoor event/activity.
- Unsafe/unsightly signs or sign structures.
- Off-premises business advertising signs.

Some signs, such as search lights or event signs, may be allowed with an administrative permit. (City Code 35-800).

## Temporary Signs

Some types of temporary signs are allowed without obtaining permits from the City (City Code 34-140), while other signs require permits. Signs must meet certain size, time and location requirements. The following information is a summary of requirements for certain types of temporary signs. All signs must be maintained in good and safe conditions. Please contact the City if you have questions about signs not described in this brochure.

### Location

Temporary signs described in this section must be located at least 10 feet from the street edge or 2 feet behind a sidewalk/trail. As illustrated in the diagram, signs may not be located in the 55 ft clear view triangle unless they are less than 2 1/2 ft in height (City Code 35-560). Please obtain permission from the property owner before placing a sign on private property.

Signs may not obstruct vehicle or pedestrian traffic or visibility. Signs may not be placed on public utility poles or other structures, fences, trees, traffic signs, in parks, in street medians, or on city or commercially-owned property.

When the ground is penetrated, for safety please follow Gopher State One Call suggestions for utility locates at [www.gopherstateonecall.org](http://www.gopherstateonecall.org) or 1-800-252-1166.

## Garage/Rummage Sale Signs

A garage/rummage sale may be conducted by a resident of a property for the purpose of selling personal property, conducted within the residence or accessory structure, no more than four times per year not to exceed three consecutive days.

- One informational sign up to 6 sq ft is permitted at the site of the sale.
- Off-site signs may be up to 6 sq ft and located on other residential properties with permission of the property owner.
- The name of the person conducting the sale, address and date(s) of the sale must be provided on the front or back of the sign.
- Banners, pennants, streamers, balloons, stringers or similar attention attracting devices may also be displayed on the property where the sale is being conducted.

## Architect/Contractor Signs

Offsite signs less than 6 sq ft in size and signs less than 48 sq ft identifying a contractor, architect, or engineer may be placed on a worksite if they are removed no more than 10 days after the project's completion.

## Campaign Signs

Campaign signs may be erected for a period of 60 days before and 10 days after an election, provided no one sign is greater than 16 sq. ft. in area. However, in a state election year, there is no limitation on size or number of campaign signs during the 46 days before the primary until 10 days following the general election.

Campaign signs may not be located on public property. Please contact the City Clerk for more information about campaign regulations.

## Organization or Civic Signs

Displays denoting a civil or religious holiday may be erected for a temporary time period as long as they meet location, safety and sign standards.

## Home Occupation Signs

In R1, R2 and R3 Zoning Districts, one freestanding or wall sign is allowed. A sign may not exceed 2.5 sq ft and the height may not exceed 6 ft above ground. Home occupations along major thoroughfare may be up to 6 sq ft. More information about Home Occupation requirements can be found in City Code 34-140, 35-900, 35-405/406. A permit is required for Home Occupation signs. Please call 763-569-3330 for more information.
